# Making History... ONE STUDENT AT A TIME

## Academics FOR Living

Geneva's professors constitute a wide variety of experiences and backgrounds. You'll enjoy the way they use personal insight to enhance their courses. And you'll appreciate their abilities to make learning more exciting and meaningful for you.

Geneva College is accredited by the Middle States Association of Colleges and Schools. Our Business program recently became one of the few programs accredited by the Association of Collegiate Business

Schools and Programs. And, our Engineering program is one of the country's best according to the prestigious Rugg's Recommendations. Year in and year out, Geneva is among the most recognized and recommended schools in the country.

Christian values provide the foundation for all you will learn and everything you achieve. That's one reason why the Templeton Foundation

Honor Roll has recognized Geneva for going "beyond academics to instill the development of character and moral values."

## BE a STAND OUT!

If competition is in your blood, you'll be happy to learn that Geneva supports 15 intercollegiate varsity teams for its athletes. For men—football, basketball, cross country, track, tennis, baseball and soccer. And for women—cross country, soccer, tennis, softball, volleyball, cheerleading, basketball and track.

Geneva offers an extensive intramural program and a full roster of civic activities, both on-campus and in the local community. There are dozens of

Christian outreach opportunities, too, which will enhance your role as a servant-leader as you enrich the lives of those around you.

If the spotlight attracts you, take a role either on-stage or behind-the-scenes at the Bagpiper Theatre.

Musically inclined? You can play your part in the concert, stage or marching band, or The Genevans, our popular touring choir.

Geneva's award-winning literary magazine, yearbook and student newspaper will keep you active as a writer, artist, photographer, ad

sales rep... whatever! Or, you can go behind the mike or control panel at WGEV, our college radio and TV station. Whatever your interest, Geneva helps you create the right balance between academics and activity.
